How it works. Agency Case:

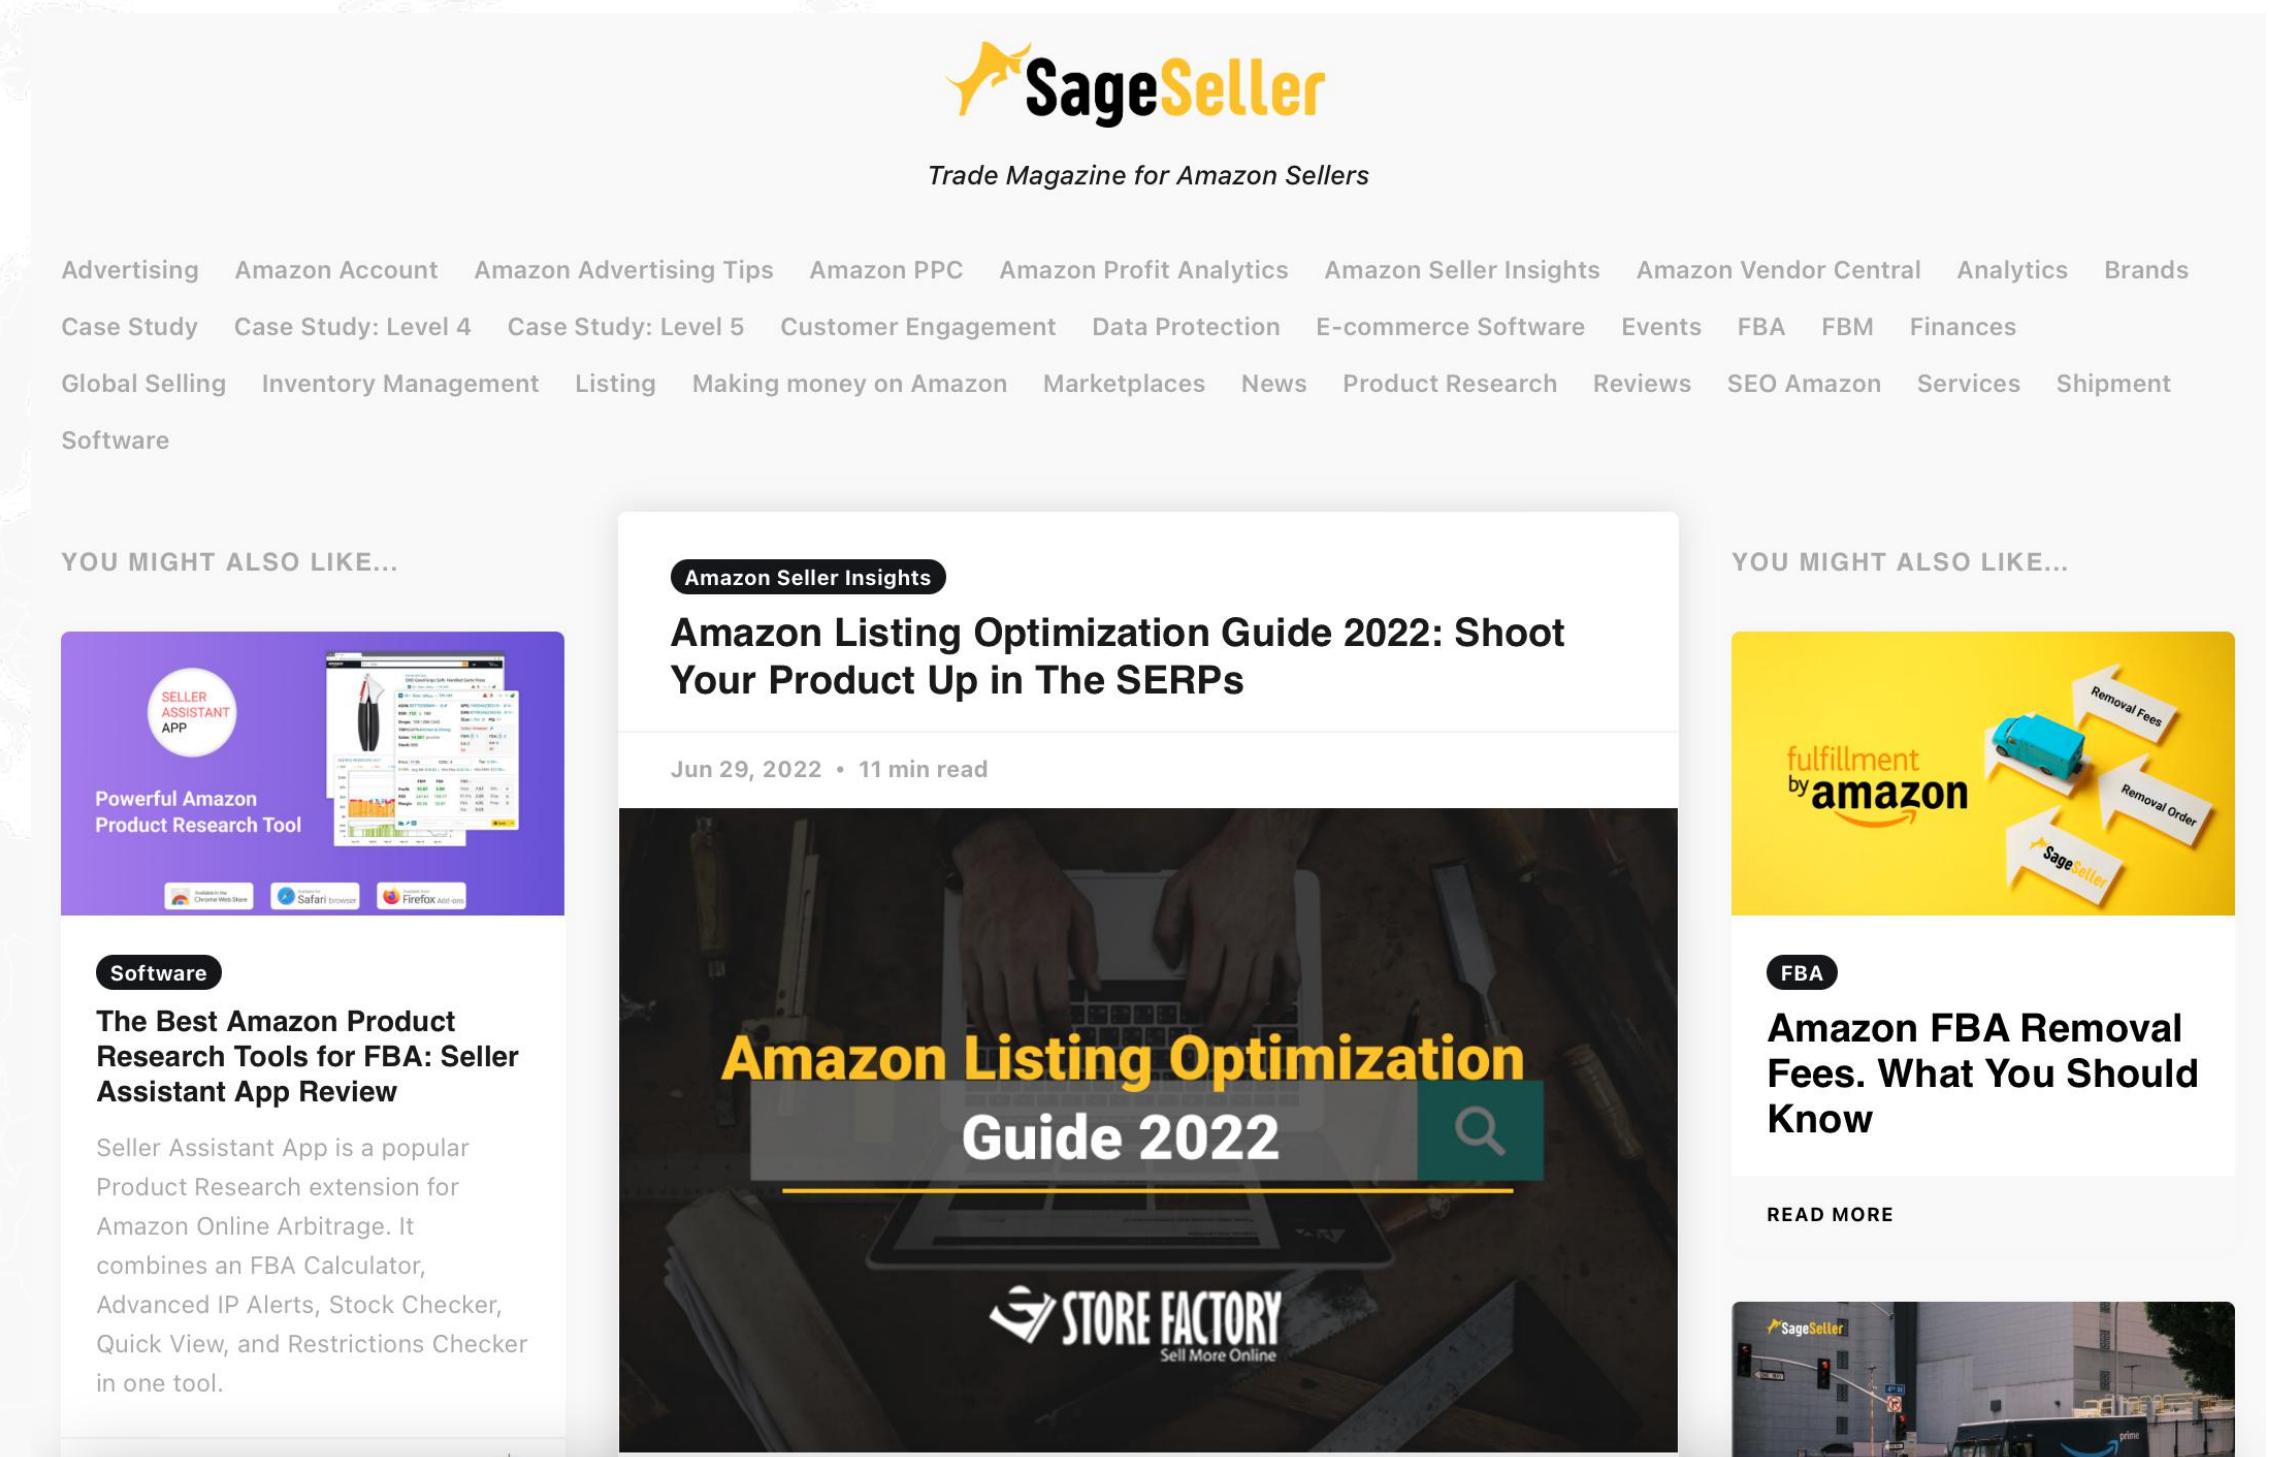

We have an **80% organic audience** that comes from **Google**. You create the content for the **audience you want to attract!**

If you describe the content, that could be found by the employee from big company - you will get this one.

If you create the content, that could be found by small seller - you will get this one.

If you google “Amazon Listing Optimization Guide 2022” you will find link to SageSeller article on the **first page** at **3 place**. This content will be there for a long-time
